

# THIS IS WHAT THE MOJ WANT TO BUILD AT GRENDON UNDERWOOD!!

You need to know.....

HMPPS and MoJ's **'short term fix'** approach to identifying suitable sites based on *"where we have space available to develop quickly"*

## The MoJ's quick fix!

A rural setting on a hill, distant from large urban areas

Poor public transport making it both expensive and difficult for families of prisoners to visit

With the high cost of housing & low unemployment, where will the **550-750** new staff travel from every day?

Four floors of prisoner cells & an additional fifth layer for facilities, it will be seen for miles!

The MoJ's plans to ruin our countryside for generations with an 'Urban Mega Prison'

## THIS IS HMP FIVE WELLS

*"The Blue print' for the MoJ's plans next to our village"*

LANDSCAPE ISSUES  
IMPACT ON CHARACTER OF THE AREA  
ECOLOGY AND ENVIRONMENTAL ISSUES  
INCREASED TRAFFIC  
CARBON FOOTPRINT  
LIGHT AND NOISE POLLUTION

*"It will have a devastating impact on our rural countryside for generations"*
